Commissioner  
Box Missing Parts  
Commissioner of Patents and Trademarks  
Washington, D. C. 20231

RE: Petition for 1.47  
Docket Number: eLocal 001  
Application number: 10,044,072

Dear Commissioner:

This letter petitions to apply for a non-provisional patent without the signature of one of the inventors. The person who has not signed this application is Mr. Scott Peterson. Mr. Peterson resigned from eLocal Network, Inc. effective April 2001. Mr. Peterson had sold, assigned and transferred to eLocal Network, Inc. "the full and exclusive right to the said invention in the United States in the entire right, title and interest in and to any and all patents which may be granted therefore in the United States". He authorized and requested the Commissioner of Patents and Trademarks to issue said United States Patent to eLocal Networks, Inc. Enclosed with these materials is the assignment of right of Provisional Patent (Docket Number 070567,00011) to the company on 10 November 2000.

We asked Mr. Peterson several times for his signature on this non-provisional patent application. We know he received the request as he responded with questions but he has not complied by sending his signature for inclusion with these materials. He did not leave eLocal Network on positive terms and we have exhausted our efforts to obtain his cooperation regarding this signature. Attached are copies of emails sent him by our office.

His address is:

Scott Peterson  
18015 Pelican Way Road  
Houston TX 77084

Thank you for your attention to this matter. If you have questions, please do not hesitate to contact me.

Sincerely yours,

Hassan Kassir  
Chairman and CEO  
eLocal Network, Inc.

Cathy,

Could you just send me this stuff, with any info I need to know right away, and I'll take a look at it?

Thanks!

S.

:))) Well, it won't hurt - might help all of us get what they owe us. Anyway, thanks, Scott. What is your fax #?

Will this help me get my \$58K? :)

(Still willing, of course, anyway, just curious...)

S.

**Subject:** Patent stuff

OK, Scott, I think I understand all this now. You are the inventor of the Provisional Patent Application the company submitted to the US Patent Office. A few months ago we submitted a non-provisional patent application using some of the provisional patent information and some new information that Sam added. So, in reality, you are one of the two inventors of the new non-provisional patent application. Before we submit the final application, we would like to have your signature stating that you contributed to the information in the non-provisional patent. I can fax the document for you to sign and fax back. After it is submitted I will send you a hard copy of the non-provisional application. Whew! Make sense? Let me know asap? Thanks, Scott. Hope everything is well you and yours. Cathi
